2/7 Millner Avenue
Horsley Park NSW 2175 Australia

Sydney, 21 August 2024

To whom it may concern,

TRIDONIC LED Driver IEEE 1789-2015 Declaration of Compliance

This declaration is provided to Tridonic customers, to be used in conjunction with the relevant datasheet(s), for use in support of their submissions under the WELL building standard.

I declare that the LED Drivers referenced within the aforementioned datasheet(s), with an output LF current ripple of $\pm 8\%$ or lower at 100Hz, operate in accordance with the requirements of IEEE 1789-2015.

The output LF current ripple information of Tridonic LED drivers can be found in the technical data section of the datasheet(s), available at <https://www.tridonic.com/en/int>

If you have any questions relating to the above information please contact the undersigned via email at reinier.lopa@tridonic.com

Yours Sincerely,

Reinier Lopa
Managing Director – ANZ & ASEAN
